

**Beginning of the school year:**

Colegio Pan y Amor –Batahola began its second year under our administration on the 15<sup>th</sup> of February while Centro Escolar Pan y Amor – Mercado Oriental got a jump start by beginning on the 8<sup>th</sup> of February. Between the two centers we have 1,267 students this 2011 school year.

In Batahola we have increased our preschool attendance from 90 to 180 students this year and we are looking forward in both centers to a great year.

**The new bakery opens in Batahola and a 24 station computer lab is completed:**

The new bakery is open and functioning after Pan y Amor remodeled one of the class rooms in Batahola and the equipment was bought with funds raised by the Key Biscayne Rotary club and Manos del Sur’s joint “Wine Tasting” event. Twenty new computers were bought and a Breeze Air cooling system installed in the computer lab, to the joy of the students. We need to add our appreciation to Rotary International for their matching funds program and to the local Rotary Managua Tiscapa

club for their support in this project.

**360,000 plates of food cooked during 2010 between both centers:**

360,00 plates of hot cooked food were prepared between both centers during 2010 and we congratulate our teams of five people in each kitchen for their on time, simple but delicious meals and for the hundreds of plates, hardware and glasses they had to wash each day. Over 600 glasses of nutritious cereal drink are served each day before the elementary school students leave for home, the last food of the day for some of our students

**US\$8,000 donated for books this year:**

What joy! Mathematics, Spanish language, geography, history and social studies text books were bought through generous donations from Libros sin Fronteras, Fundación Educar es Avanzar y two private donations. For the first time ever in Pan y Amor's life time, ever classroom has text books, some need to be shared but how much more fun to have a text book to follow when you are a student.

**Generous donation for Tailoring classroom:**

Our sewing work shop at Batahola was graced once more by a generous donation from Patricia Murith from Fundacion Educar es Avanzar based out of Switzerland. We are covered for the year for spare parts, materials, cutting and sewing equipment, thread and zippers, two new motors for our industrial machines, a steel mitten to prevent our students from removing part of their hand while cutting multiple layers of cloth at one time, etc. We have thirteen students taking their second year in tailoring.

**Wal-Mart Mexico Central America donates note books:**

Employee from 6 of Wal-Mart' center's entered into a recycling project and with the money raised note books were bought for the students of Pan y Amor. A happy afternoon of laughter was enjoyed by all, taking photographs with some of the children and a special show put on by the Batahola dance team and choir in appreciation for this generous gesture.

**Spouses of Diplomatic and International Missions to Nicaragua donate a Violin:**

One of our students won a scholarship last year with the local symphony orchestras junior group, to learn the violin. Due to Alicia's school hours this year she needed a violin to be able to practice at home during the week and to attend her music classes on Saturdays, so on hearing this the Association of Diplomatic spouses got together and bought a violin for Pan y Amor to lend to Alicia.

**Special thanks this month to:**
